ABOUT MI-KYUNG KIM, SOPRANO

Mi-kyung is a French-Korean soprano opera singer. Highly trained as a classical opera soloist in Korea and Germany, she is based in Paris, France. A devout Christian, she belongs to the catholic church. But as a fervent supporter of ecumenism, she loves to share time, prayers and hymns with fellow Christians of all denominations. She particularly enjoys performing sacred music, be it classical, gospel or modern, which she always does while praying deeply within her heart.

SERVICES OFFERED

Mi-kyung provides concerts, recitals, musical services for churches, festivals, corporate events, wedding and various ceremonies all over the world. She performs from a small set of songs during a religious service to a full-blown recital around a ceremony. Often solo with piano or organ, she also sings with choirs and orchestras of various sizes. This versatile singer masters a wide range of styles, including opera, classical music, gospel, Broadway tunes and jazz. A very moving artist, her live musical interpretations usually bring tears of deep emotion to the audience.

During her time in Dresden, Germany, on top of opera chamber music and German Lied performances, Mi-kyung sang as soloist every week in religious services in catholic and protestant churches. Singing hymns helped her tremendously in her Sunday praise to the Lord.

In France, she became friends with a protestant Gospel choir, with whom she performed several times on stage or in church. That led her to take part twice in a big yearly ecumenical Christian music gathering in Paris.

She also performed several times for catholic and various protestant communities of the U.S. army in Seattle (WA), near San Jose (CA), Yongsan in Seoul and Daegu also in South Korea.

"her song filled the church elevating the emotion of the ceremony to a point we will never forget! I sincerely recommend Mi-kyung Kim for your ceremony music, this is the best way to make your wedding a highly emotional and unique event!" (Antoine)

"Her voice has an incredible power, one that you can't imagine just looking at her. Besides that, she is really nice and sweet. She was very accommodating to our demands and constraints. We were delighted to work with her !" (Amélie)

"She was absolutely superb. She offered a perfect repertoire and showed great vocal dexterity and command of the very difficult pieces she sang. She emotionally connects to the material in a very impactful way. Even young "non-opera fan" audience members were moved to tears from her incredible delivery[...] She was a star and we could certainly appreciate the incredible efforts she gave"
